

One Skein Knitted/Woven Scarf  
By Angora BunnyWorks

You'll need:

Persimmon Tree Farm Barnyard  
Yarn (mohair/alpaca/wool blend),  
DK, 4 oz, 300 yard skein  
(or)

300 yards of a similar DK weight  
yarn.

Size US 8 Knitting Needles

Stitch Holders and/or waste yarn

**Gauge: 18 stitches/14 rows = 4"**  
**13WPI**

I wrote this in plain English without a lot of knitting pattern terminology to help a friend who can't read a pattern yet.

**RIBBING (1)**

Cast on 30 stitches

Do a ribbing pattern of your choice. I did K4P1 Rib across for 50 rows

**WEAVING (1)**

Next, you'll make your weaving strips. I made eight 5-stitch strips, but you can make fewer strips that are wider keeping in mind you have 30 stitches total to work with. Stockinette stitch across the first 5 stitches for 35 rows, then remove those 5 stitches onto a stitch holder or waste yarn. Let the strip drop down out of the way and continue to make another strip on the next 5 stitches. Remove onto a stitch holder and continue for each group of 5 stitches. When done, I spread the scarf out on a flat surface so I could

check for twisting, get strips in the right order and make sure the top of the strip had the correct side (purl) facing up so I could load my 30 stitches back on the needle.

#### AROUND THE NECK

In stockinette stitch, do 98 rows across all 30 stitches.

#### WEAVING STRIPS (2)

Return to WEAVING STRIPS (1) and repeat. After making the strips, I again put the scarf on a flat surface. The strips from WEAVING STRIPS (2) are woven into the strips made in WEAVING STRIPS (1). Make sure the strips are un-twisted, are in the correct order, and the end of the strips from WEAVING STRIPS (2) are purl side up. When you're ready, load the 30 stitches back onto the needle.

#### RIBBING (2)

Repeating the ribbing you did in RIBBING (1) doing it across all 30 needles for 50 rows. When done, bind off.
