Frosting:

Ch18

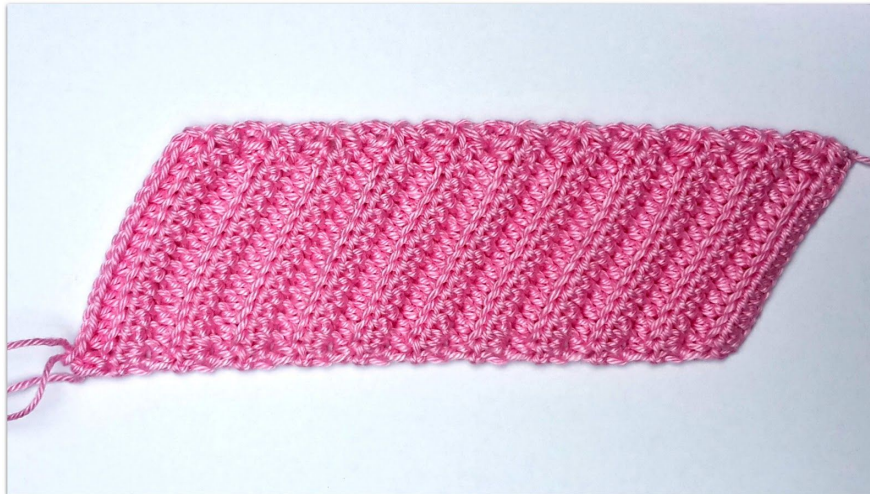

1. Row: sk first 2 stitches, (2 hdc), hdc in next 13 stitches, hdc2tog, ch 2, turn (16)

From now on BLO, except first and last stitch of each row

2. Row: hdc2tog, 13 hdc, (2hdc)

3. Row: (2hdc), 13 hdc, hdc2tog

4.-22. Row: repeat row 2+3 (ending with 2. row)

With sl st in BLO attach row 1 to row 22 to form a tube. Of course you can also sew the parts together, but I like the texture more with sl st. And as you read above, I hate to sew. Leave a bit of yarn to close your tube. Now turn it inside out.

Please take a look at the pictures on the next page, for how to close the ends. Weave the yarn with your needle in and out of every second row.

When you have finished one side, fill your frosting with stuffing. Afterwards close your second opening.

Cream Puff:

- 4. Round: FLO 5 hdc in each stitch around, join, fasten off

You now have all the basics for your sweet little cupcakes and there are millions of ways to decorate it. At the end of this pattern I will show you some of my creations for inspiration. In the next part you will find the pattern for two different fruit types. But feel free to google. As you know the internet is full of tons of free fruit patterns. But don't worry. At some point I will add some more fruit to this.

Fruit

Strawberry:

1. Round: 5 sc in magic ring, join, chain 1 (5)
2. Round: sc in each stitch around, join, chain 1 (5)
3. Round: 2 sc into each stitch, join, chain 1 (10)
4. Round: sc in each stitch around, join, chain 1 (10)
5. Round: 2 sc in first st, sc in next 1, repeat around, join, chain 1 (15)
6. Round: sc in each stitch around, join, chain 1 (15)
7. Round: dec, sc in next repeat around, join, chain 1 (10)
8. Round: dec around, join, fasten off (5)

Stem:

1. Round: 5 sc in magic ring, join, (5)
 2. Round: *ch 2, sl st in 2. ch from hook, sl st in next* repeat 4 more times
 3. Round: ch 4, sc in 2. ch from hook and the last 2 ch, fasten off
- Pull the yarn through the middle of the mr and your stem is ready to be put on your strawberry

Lemon slice (make 2):

Start with light yellow

1. round: 6 sc in magic ring, join, chain 1 (6)
2. round: 2 sc into each stitch, join, chain 1 (12)
3. round: 2 sc in first st, sc in next, repeat around, join, chain 1 (18)
Change to dark yellow
4. round: 2 sc in first st, sc in next 2, repeat around, join, fasten off (24)

Now with white yarn stitch on the white stuff (sorry, but I don't know the name of it. Let me know if you do) of the lemon.

Align your two pieces with the right sides out and whipstitch them together with dark yellow.

If you want to make a segment, just make one piece, fold it in half and stitch the edges together.

For a kiwi slice, start with white yarn and change to green after the first round.

Congratulations! When you're reading this, you mastered this pattern and I hope it was understandable enough.

Now the only thing left is sewing all those parts together. Or as in my case, use your glue gun for attaching the parts. Don't forget the eyes and mouth. You can either use safety eyes or stitch them on. I prefer using puff paint or pearl maker pens.
