**Materials:****Yarn:**

- ✓ Scheepjes Sweet Treat (BonBon) Weight yarn: 140 meters 25 grams
- ✓ Drops Glitter Silver: 700 meters 10g

**Hook:** 1.75 mm or 2 mm (depending on your tension)

**Scissors, tapestry needle** to weave in ends.

You can use any similar yarn and suitable hook.

**Finished size**

The size of the finished snowflake depends on the yarn and hook you use.

My snowflake is approx. 10 cm in diameter after blocking using thread 140m/25g and 2 mm hook. I used approximately 20 m thread and glitter yarn.

**Blocking and Finishing**

It is optional but most snowflakes need to be blocked and (lightly) stiffened.

Blocking will make your snowflake flat, neat and symmetrical.

- ✓ You can use laundry starch.
- ✓ Soak the snowflake with some liquid starch or just water (which ever do you prefer).
- ✓ Gently squeeze out any excess liquid, and press the snowflake approximately to shape.
- ✓ Lay the snowflake flat on the blocking board and pin the snowflake from the center out to the edges.
- ✓ Let it dry completely before removing the pins.

**This starflake is only blocked and slightly stretched out.**

Next step is pinning it down on a blocking board and spraying with some water. Let the snowflake dry and do not iron as ironing can damage the relief structure of the star.

- ✓ To hang the snowflake, attach a piece of thread, yarn, ribbon, invisible thread or wire.

I love crochet charts/diagrams, because they show exactly what stitch we're using.

**Charts** are created using internationally recognized symbols that correspond to each stitch and instruction. In other words, they enable you to **crochet in any language**.

Let's start with the crochet chart/diagram.

**Abbreviations: (US terms)**

○	ch	chain
+	sc	single crochet
T	hdc	half double crochet
F	dc	double crochet
⌘	3dc cluster	3 double crochet cluster
J	fphdc	front post half double crochet
F	fptr	front post treble crochet
⌘	bpsc	back post single crochet
F	bpdc	back post double crochet
●	ss	slip stitch

**Note:**

- ✓ 3dc cluster used as a first stitch: make ch 2 2dc cluster (which counts as first 3dc cluster)
- ✓ Choose your option to start with magic ring and 6 single crochet or with a foundation ring of ch 4 and 6 single crochet.

**Written instructions** (Pattern is written in US terms)

**Round 1:** Make a magic ring, ch1 6 sc in the ring, close with ss in ch1.

**Round 2**

Work in first sc ch 2 2dc cluster (counting as 3 dc cluster) ch3.  
\*3dc cluster, ch3\* Repeat the section from inside `\*\*\*' around. Join with ss in the first 3dc cluster.

**Round 3**

Ss in ch3 space. Work in ch-3 space: ch2 2dc cluster (counting as first 3 dc cluster) ch3, 3dc cluster ch3; \*3 dc cluster, ch3, 3 dc cluster, ch3 \*.  
Repeat the section from inside `\*\*\*' around, in every ch3 space. Join with ss in the top of first 3 dc cluster.

**Round 4**

Ss in the ch3 space. Work on chain 3 space: ch 3 (counting as first dc) 3dc ch3 4dc ch 1; 1fptr (round the 3dc cluster from round 2) ch 1;  
\*4dc ch3 4dc on chain 3 space, ch 1 1fptr (round the 3dc cluster form round 2) ch 1\*  
Repeat the section inside `\*\*\*' around. Join with ss in 3<sup>rd</sup> ch of initial ch3.

**Round 5**

Bpsc on first dc ch 2 (count as bpsc), 3 bpsc on next 3 dc; work on chain 3 space: 2dc ch2 2 dc; 4 bpsc on next 4 dc; fphdc round fptr.

\*4 bpsc on next 4 dc; work on chain 3 space: 2dc ch2 2 dc; 4 bpsc on next 4 dc; fphdc round fptr\*. Repeat the section inside `\*\*` around. Join with ss in the 2<sup>nd</sup> chain of 1<sup>st</sup> initial bpsc.

**Round 6**

Ss to the 1<sup>st</sup> bpsc; bpsc on 2<sup>nd</sup> dc ch 2 (count as bpsc); 4 bpsc, work on chain 2 space: 2dc ch2 2dc; 5 bpsc, skip last bpsc, fphdc round fphdc from previous round .

\*skip first bpsc work 5 bpsc; 2dc ch2 2dc, 5 bpsc, fphdc round fphdc from previous round \* Repeat the section inside `\*\*` around. Join with ss in the 2<sup>nd</sup> chain of 1<sup>st</sup> bpsc. Finish off, weave in ends.

Enjoy making!!!!

I would love to see your work.
