

Bosnian-Siberian Slipper Pattern

Adaptation by snozzl21 of Nelly's Bosnian slippers/Nellys Bosnia tofflor

Sizing

Slippers are worn with negative ease, but are stretchy so are pretty forgiving on size.

The cuff can be 1-2cm tall per your preference. The slipper upper should continue until it reaches about the first joint of your middle toes; this seems small as you're knitting but the sole wraps around the toes to provide a nice snug fit and pointy toe look.

Size of the slippers can be adjusted by casting on more or less stitches and continuing for more or less fan pattern repeats. Any weight yarn can be used.

Here are some sizing guidelines:

- Fingering yarn, size US W6-7 / EU 36-37: CO 62 & 11 fans
- Worsted/heavy worsted yarn, size US W8-9: CO 46 & 7 fans
- Worsted/heavy worsted yarn, size US W6-7 / EU 36-37: CO 42 & 6 fans

Materials

- 100-200 yds color 1, 50-100 yds color 2, any weight (maybe more for larger sizes)
- Circular needle one size smaller than recommended for yarn weight
- Can use needle one size even smaller for ribbing & garter on cuff & sole (esp. for worsted weight or heavier yarns)
- Larger needle for CO
- 1 dpn for 3 needle BO

Cuff

*** Note: numbers given are for fingering weight yarn in US women's size 6-7, size US 2.5 needle & cast on with US 5 needle.*

- CO 62 sts with larger needle (adjust for yarn & size, half must be an odd number)
- 10 rounds 1x1 rib in color 1 and smaller needle (adjust for yarn & preference)
- 4 rounds garter color 2 (purl wrong side rounds)
- 2 rounds garter color 1

Upper

Repeat fan pattern (see below) for desired number of fans given size & yarn.

Fan pattern

- (Round 1) With color 2, sl1 yib, *k1, sl1 yib*, repeat until half sts worked, fan stitch (see below), sl1 yib, *k1, sl1 yib*, repeat to end
- (Round 2) Continue with color 2, sl1 yib, *p1, sl1 yib* rep until fan, p5, p2tog last 2 sts of fan so only 6 sts are added for each fan, sl1 yib, *p1, sl1 yib*, rep to end
- (Round 3) Change to color 1, ktbl all sts
- (Round 4) Ptbl all sts
- For every other fan pattern repeat start and end by sl2 yib instead of sl1

Fan stitch

Pick up loop as if to m1l then k1 but keep picked up loop on left needle

yo, k1 rep 3 times into picked up loop, on last k1 slide loop off left needle (= 7sts increased)

Sole

For wider or narrower feet, and heavier or lighter yarn — adjust total number of sole rounds.
20 rounds for fingering yarn US W6-7, or worsted yarn US W8-9.

- After last round of last pattern repeat, 4 rounds garter in color 2
- 4 rounds garter color 1
- 4 rounds garter color 2
- 2 rounds garter color 1

Decreases for heel — start on last 6 rounds, place decreases two sts away from round marker:
k2tog/p2tog 2sts after beg and ssk/ssp 2sts before end (= 12 sts decreased total)

- For heavier yarn decrease 2 sts every other round (= 6 sts decreased total)
- For fingering yarn decrease 2 sts every round (= 12 sts decreased total)

3 needle bind off from the inside, or graft for seamless slippers. Make 2.
